Your full name and student number is required on the wire to finalize the transaction. For bank wires, include a \$15.00 Bank of Montreal wire service charge. Depending on the banking institution your wire transfer is directed through, there could be additional service charges. Please be sure to include all of the information included on your wire transfer. Should there be any missing information it could be returned to the source, thereby incurring time delays (which could jeopardize your residence accommodation) and further bank charges which could be in excess of \$20.00. To ensure that we do not cancel your offer, please send us a faxed copy of your banking transaction as confirmation of payment by the deadline date. Our fax number is 519-661-3687. PLEASE NOTE: This payment method is available only to International students without access to the Canadian banking system.

[NOTE: Please do not send payment via direct deposit to our account - we are not set up to receive these funds and this method of payment is very difficult to track.]
